SERVICE BULLETIN

Service Bulletin No. 2013-02

SUBJECT: Alternator fan

MODELS AFFECTED: All models

TIME OF COMPLIANCE: Before next flight

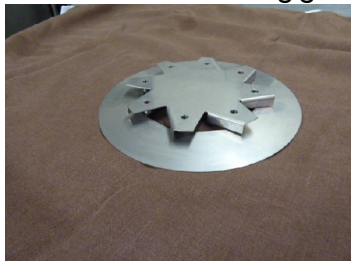

AFFECTED SERIAL NUMBER: All engines

Reason

See service bulletin 2012-01

The new design is without welding.

Between the 2 parts are distance rings. A longer bolt (M6x30) keep the parts on place and fix them to the starter ring gear (see parts catalogue)

Picture 1

picture 2

Inspection

Check if the engine is equipped with a fan conform picture 1 and 2.

Action

If necessary, change the old type fan by the new one.

Safety

Observe all warnings and cautions contained in the airplane manuals.
